

VALLEY CENTER MUNICIPAL WATER DISTRICT

ADMINISTRATIVE CODE

ARTICLE 10 General Provisions

Sec. 10.1 Formation. The Valley Center Municipal Water District (“District”) has been formed under the Municipal Water District Law of 1911, Division 20 of the California Water Code, Sections 7100 - 7300 and is subject to the provisions of controlling state and federal law.

Sec. 10.2 Administrative Code As provided in the enabling state statutes, the Board of Directors (“Board”) of the District has the power to establish rules and regulation for the administration and operation of the District.

- (a) Adoption. The Board’s rules and regulations were duly codified in the *Valley Center Municipal Water District Administrative Code* (“Code”) by reference on February 9, 1966, with adoption Ordinance No. 54, which is on file in the Office of the District. Then existing administrative ordinances in conflict with the provisions of this Code were repealed concurrently with its adoption.
- (b) Changes. It is anticipated that from time to time, changes or additions will be required in this Code to cover changes in policy or to include new activities of the District. Such changes or additions shall be accomplished only by the Board of Directors at a duly constituted meeting, in which one or more sections are superseded or revised, or new sections are added. When so adopted, the revised or new sections shall be inserted in this Code and those for which they are substituted will be removed.
- (c) Non-Liability. The District will make reasonable efforts to ensure the Code reflects the current policies and procedures of the District. However interested parties are advised to confirm the various provisions of the Code as is reasonable and prudent in the course of commerce. The District, Board and staff and specifically disclaim any responsibility for actions taken based upon provisions in the Code which may have been superseded by changes in federal and/or state law or actions by the Board of Directors.
